	1.	On 20 February 1953, the Alte Kaserne and Neue Kaserne in Parchim were about 95 percent lighted and appeared to be occupied to capacity.	
	i	were about 95 percent lighted and appeared to be occupied to capacity. In February, platoons each numbering about 40 soldiers wearing red-bordered black epaulets and carrying small infantry arms were observed leaving the installations and marching to the training field almost daily. Four 57-mm AT guns were noticed in the Neue Kaserne. forest west of Siggelkow, 5 km southeast of Parchim. In mid-February,

Four 57-mm AT guns were noticed in the Neue Kaserne. forest west of Siggelkow, 5 km southeast of Parchim. In mid-February, the Parchim-Schwerin road was blocked, probably because of field exercises. On 15 February, two field-grade officers with sedans the drivers of which wore black-bordered crimson epaulets were billeted in Marnitz, 13 km southeast of Parchim. Driver's training with motor vehicles Comment. The present report indicates no changes in the occupation	25)] 2!
